### SPLENDID SPEECH

#### CARTWRIGHTON PREFERENTIAL TRADE

Sir Richard Cartwright Addresses Large Toronto Meeting—Progress Under Liberal Rule.

(Bulletin Special Dispatch).

Ottawa, Dec. 10.—Sir Richard Cartwright before a large audience in the Association hall, Toronto, to-night, spoke eloquently of the great progress made by Canada since the Liberals assumed power in 1896. Speaking of preferential trade and Premier Balfour's pamphlet, Sir Richard admitted that this was a scholarly production, but the British premier was theoretic rather than practical in imagining that the fiscal policy of the United States had built up the country. He was like the closest naturalist who never encountered a beast in his native fair. Sir Richard believed the United States had so found out Britain's superiority and friendliness to the States that it was willing to enter into reciprocal trade arrangements which would make the Anglo-Saxon race control three and a half continents. Great Britain is by far the best customer the United States has. He pointed this out and said that that fact is getting borne in on the United States consciousness. To bring about this trade alliance would necessitate a paradox if England taxed food imports. The United States farmers would be convinced of the folly of protection and the result would be alliance, which would be to the advantage of Great Britain, the United States and Canada alike.

### CASHEL HAS ESCAPED

The Condemned Murderer Overpowers His Guards and Gets Away—His Brother an Accomplice.

(Bulletin Special Dispatch).

Calgary, Dec. 11.—Ernest Caschel, the murderer of I. R. Bell, who was to have hanged on Tuesday next, overpowered the guard at the barracks and escaped last night. The day guards were just going off guard, and as to their costume, took the prisoner out of the cell to search it. When ordered to return, Caschel drew two new shining revolvers and held up the three guards. He placed the guards in the cell he came out of. He took their guns, threw away his own, got the keys, unlocked his shackles and escaped. The night guard came on about a quarter of an hour later. John Caschel, the brother of the prisoner, was arrested a few miles later on his way towards the barracks. He had on him a pair of oiled moccasins and belt of cartridges. Caschel was considered a good prisoner and was given certain liberties.

### BENNETT NOMINATED

B. B. Bennett Offered the Conservative Nomination in the Calgary Constituency.

(Bulletin Special Dispatch).

Calgary, Dec. 11.—The Conservative convention brought up but one name yesterday. It was R. B. Bennett. He did not definitely decide to run but intimated that he might. If he did he would never again offer himself for the Assembly.

### NARROW ESCAPE FOR THE QUEEN

Winnipeg, Dec. 11.—A serious fire broke out in the bedchamber of Queen Alexandra at Sandringham palace. The Queen had a narrow escape.

### WHEAT AND OAT QUOTATIONS

Fort William wheat, No. 1 northern 77c a bushel.  
Winnipeg oats, No. 2 white, 29 1/2c a bushel.

### SOLDIERS FOR THE WEST

The war office is greatly strengthening military positions in Canada. Five hundred soldiers will be located in Winnipeg.

### HOTEL BURNED

The Western Manitoba hotel and premises of Typing & Belden, merchants, Gt. West, were destroyed by fire.

## TELEGRAPHIC.

### MAKES HIS REPORT

#### SUPT. CONSTANTINE'S TRIP NORTH.

The Superintendent Thinks That the Government Should Send Strong Revenue Cutter to These Waters.

(Bulletin Special Dispatch).

Ottawa, Dec. 10.—The government have received from Superintendent Constantine, of the Northwest Mounted Police, the report of his journey to Mackenzie river, where he established a post for the preservation of law and order and for the collection of customs duties from American whalers. He journeyed from Athabasca Landing to Fort Macpherson, a distance of 1,854 miles. He accomplished this partly by canoe and partly by steamer. The party left Athabasca Landing June 1st and arrived at Macpherson July 14th. Supt. Constantine does not consider Macpherson a suitable place for a post, as whalers have left Herschel Island and gone to Baillie Island, three hundred miles east. Supt. Constantine says that the only way that the revenue can be protected in these waters, is by an armed revenue cutter with a strong crew.

### NEWS OF THE WORLD

Condensed Dispatches Dealing With the Day's Most Important Happenings.

(Bulletin Special Service).

Winnipeg, Dec. 11th.  
H.M.S. FLORA IS FREE.  
The cruiser Flora, which has been on the rocks on the Pacific coast, has at last been successfully floated.

### A GREAT SUCCESS

The Winnipeg charity ball was a great success.

### GEO. MASON IS DEAD

George Mason, an old Ottawa lumberman, is dead.

### PROGRAM ARRANGED

The winter horse race program has been arranged for Brandon.

### GERMANY AND RUSSIA

The German socialist leader made a strong attack on Russia.

### ARMOUR-AGAIN CHIEF

Armour is again chief in the Chicago wheat market.

### WILL SELL LAND

Manitoba University will sell 50,000 acres of land.

### COLLISION ON C. P. R.

A collision took place at Scoville on the Canadian Pacific Railway. A fireman and a bridegroom were injured.

### HEAVY BUYING OF LANDS

There has been heavy buying of St. Norbert and St. Vital lands.

### LOCATED IN WINNIPEG

A faithless husband from Woodstock with his paramour have been located in Winnipeg.

### SYMPATHIZES WITH COLOMBIA

Strong sympathy for Colombia is arising in France over the secession of Panama.

### CHARLTON AT WORK

John Charlton made a stirring appeal on reciprocity with Canada to a Boston audience.

### TROUBLE BREWING

The Colombian government has assumed a very warlike attitude towards the United States and Panama.

### LETTER FROM CARNEGIE

The Historical Society has received an autograph letter from Carnegie.

### BLAME THE OWNERS

Wood dealers blame the owners of wood piled along the Canadian Northern Railway for causing the price to be high.

### PORTER KILLED

Robert McKibbin, a porter in the Riverside hotel, Dolansville, Pa., was killed by the explosion of a gas machine.

## J. T. BLOWEY

You will find some of the nicest things in chiffernies at this store ever brought into Edmonton. They are pieces of art furniture. They seem to take the popular fancy, and like the cut they are going. We have a very heavy stock of furniture and carpets. Buy for two large stores, no have an advantage. Come and see us.

J. T. BLOWEY.

EDMONTON STRATHCONA.

### BURNED OUT

Dr McCullough's Residence at Goose Lake Was Completely Destroyed By Fire.

(Bulletin Special Dispatch).

Battleford, Dec. 10.—Dr. McCullough, who resides about twenty miles east of Battleford, at Goose Lake, was completely burned out last night, losing everything, including books, instruments, and clothing. Nothing whatever was saved.

### GAS BY-LAW

At yesterday's council meeting a by-law was passed confirming an agreement between the natural gas company and the town. A full report of this by-law and of the council meeting will appear in tomorrow's Bulletin.

### DEATHS

LIVERSIDGE.—An Edmonton on Dec. 10th, the wife of A. H. Liversidge, of a daughter.

## Girls' Reading

If the girls were to vote on books, you'd likely find the call somewhat varied—and for this very reason you need have a care what books fall into their hands.

We've a splendid range of presentation books for girls, among them the popular and always appreciated Girl's Own Annual.

This well known work is a companion volume to that published for boys, is bright, clever, wholesome and readable.

Our book counters afford the widest choice of good reading for young people, and there's a price for everybody.

Better make an early choice too—for the very volume you would like may be the first to go to somebody else.

You are always a welcome visitor at this store.

## PARTYISM AND MONOPOLY

The Maceod Gazette, the organ of the Conservative party in Southern Alberta, has two slashing editorials in its issue of Dec. 4th, on railway matters. One is headed "The Grand Trunk Pacific," and attacks the project at all points. The other is headed "Good News For Macleod," and deals with the prospect of the construction of a branch of the Great Northern into Macleod. The reason for the joy of the Gazette at the prospective introduction of the Great Northern is that it will give competition with the C. P. R. to that part of Southern Alberta. Incidentally the Gazette describes in lurid terms the exactions of the C. P. R. as a monopoly. If it is such a good thing to break C. P. R. monopoly in a part of Southern Alberta by the introduction of the Great Northern, is it not a much better thing to break C. P. R. monopoly throughout the Northwest by the introduction of the all Canadian Grand Trunk Pacific. The difference to the Gazette as a Conservative party organ, is that the Great Northern is free from that taint. The logical conclusion of the position taken by the Gazette is that C. P. R. monopoly is a bad thing—a very bad thing—which should be done away with, except if a Liberal government undertook to do away with it. In that case it is the duty of all Conservatives to stand by monopoly, and against competition. Same partyism may be a good thing, but this is partyism run mad.

## THE RAISING OF SHEEP

That there is room in Canada for an immense development of the sheep raising industry will readily be admitted. In this country we are almost entirely free from the ravages of those diseases which interfere so seriously with the profits of the sheep raiser in some other lands. Then, too, we grow in abundance nearly all the foods best suited for feeding sheep. We have excellent pastures in summer, and with rye and turnips there is no lack of excellent food for fall and winter. Where clover hay and pea straw are not available, some other roughage can usually be found. Oats and bran are everywhere convenient grain feeds, while peas and beans may also be provided in many localities. Unfortunately, too, we have in nearly all parts of Canada an abundance of weeds, which may partially be kept in check by maintaining large flocks of sheep. It is said that 85 per cent of our common weeds are readily eaten by sheep, and consequently we find, as a general rule, that a sheep farm is a clean farm.

Sheep breeders like other live stock growers, should start out with some definite aim in view. In Canada this will doubtless be the production of mutton for the home and foreign markets, with wool-growing merely as a side line. The breed chosen should be one adapted to the purpose in view, as well as one for which the farmer has a liking. In addition to this, it must be a breed suited to the conditions of soil and climate prevailing in the locality. As a general rule the heavier breeds do best on somewhat low (low or level) land, while the lighter breeds prefer upland, while the mountainous country. These characteristics are largely due to the nature of the soil in the district where each breed originated, as has been shown by Mr. Primrose McConnell in his excellent work on agricultural zoology. If a particular flock is to be kept, the farmer should choose a popular breed or one gaining in popularity, in order to be reasonably sure of a demand for his stock. Whether the flock be purebred or grade, a knowledge of the anatomy of the sheep, and of the methods of treating common disorders of sheep will prove of decided value to the owner.

In starting a flock only healthy, robust ewes should be selected, and all off them should be of the same type. They should be mated with a first-class ram of similar type, and one of the same breed as the ewe

flock, unless the farmer is crossing for some special purpose and does not intend to retain the progeny for breeding. Each year the ewe should be carefully weeded out, only the best being retained; too many Canadian farmers in the past have followed exactly the opposite course, allowing buyers to pick out the best specimens and retaining only the cull females for breeding. By following the system of culling closely, a high degree of uniformity will in a few years be established in the flock. Every farmer knows that the presence of a few culls in a lot of animals always proves an obstacle to a sale at a remunerative price; therefore, great pains should be taken to have the flock of uniformly good quality.

Good, comfortable, roomy sheds or stabling for the cold or stormy weather are necessary. These need not be expensive but should be well ventilated, free from drafts, and situated on dry ground. A large open yard, apart from that occupied by other animals should be attached to their houses in every case, to allow exercise. Too much confinement in over warm, ill ventilated or drafty stables is fatal to success with sheep. On the other hand, comfortable quarters, regular and liberal feeding, plenty of pure water and a sufficiency of salt will go far to ensure their successful wintering and a strong crop of lambs in the spring. Very careful attention must be given at lambing time, but at other seasons comparatively little time need be spent in looking after the flock. Indeed, sheep require less costly buildings and equipment, and less labor in caring for them than almost any other class of live stock.

Unfortunately there are two causes which tend to demoralize the sheep raising industry in Canada, viz., the wholesale adulteration of many lines of impure woolen goods, and the ravages of dogs and wolves. The former renders wool growing unprofitable, and the latter prevents the farmer from growing mutton sheep in many districts which are otherwise well suited to the business. That legislation is needed to protect the sheep breeder from these evils can scarcely be doubted.

## K. O. T. M.

## EDMONTON WINS

Easily Defeats Strathcona on Their Own Ice in the Second Game of the Season—Score Five to Two

Edmonton had everything her own way in the second match of the season last night on Strathcona ice. The game started out with splendid playing on both sides and although it was soon seen that Edmonton were playing a winning game the most intense interest was kept up until the final goal was scored leaving Edmonton victorious by a score of five to two.

About two hundred and fifty Edmonton young people journeyed to Strathcona to enthusiastically cheer the wearers of the white and green on to victory. About the same number turned out from Strathcona and the air was filled with loud cheering and the screaming of horns. The ice was in good condition and everything went well. The game started at nine o'clock and was the signal for loud and prolonged cheering from the large crowd present.

The game started out fast with Edmonton on the aggressive. J. McDougall and Greenwood had replaced McLeod and Irelwell on the wings and with Wright as centre rushed repeatedly until the puck was hurled into the net by a splendid shot from the wing scoring number one for Edmonton. The score was received with great cheering and blowing of horns. The game was on with a rush again with splendid playing on both sides. The Strathcona forwards, Richards, Dobson and Kent played a fine game but rush as they might Bellamy and Sanford were in their place playing together and handling them with ease. The Strathcona goal keeper was playing well but seemed to have difficulty in keeping his feet, while Lenny Goodridge in Edmonton's goal was there with the goods and played a splendid game. Rush followed rush until after a clever piece of combination play the puck again found the Strathcona net. The play continued more evenly until half time. In the meantime, however, Edmonton had scored another goal. The half time whistle blew leaving the score three to nothing in favor of Edmonton.

Strathcona started out determined to redeem themselves and scored with a rush in three minutes. May, McKernan and Dixon played strong games for Strathcona, with Dobson rushing hard. However their frantic efforts to score were of no avail, as it was impossible to get the puck past Bellamy and Sanford except with a long lift. Sibbald played a magnificent game, while Wright was perhaps the star player of the evening. He worked hard and well and seemed to be the object of particular attacks from the Strathcona. Edmonton quickly rolled up 2 more scores, and Strathcona once more found the Edmonton net, shortly before full time. The score closed five to two. The game was a splendid one throughout and a high credit to both teams.

The line up of the teams was as follows:—  
Edmonton Goal. Strathcona. Goodridge. Robalt. Point. McKernan. Banford. Cover Point. Bellamy. May. Sibbald. Rover. Blain. Wright. Centre. Richards. Greenwood. Dobson. McDougall. Kent.  
Dr. Strong acted as referee and gave splendid satisfaction. He kept a very close tab on the game and saw that each hockey was played. Four players adorned the fence, two from each team.  
The next exhibition match takes place in Edmonton on Christmas day.

## THE MARKETS.

Butter.—Butter remains scarce at 25c a pound.  
Eggs.—Eggs are scarce at thirty cents a dozen.  
Potatoes.—Potatoes are plentiful at 25c a bushel.

Hogs.—The price of hogs dropped considerably during the past fortnight. Five cents a pound live is the top price paid now. The deliveries are fair.

## Do You Smoke?

Then why don't you smoke the best cigar you can get for the money?

## Granda Cigars.

are all clear Havanas.

They are made by Granda, Hermanos y Ca., of Havana, and Montreal.

They are made exclusively of Havana tobacco.

They are made exclusively by skilled Cuban operatives.

They are made in the largest clear Havana factory under the British flag.

There is a wide difference between a GRANDA and the NEXT BEST.

Ask at your club or cigar store for Grandas. If they haven't got them, find out why.

No nicer present for a friend, or more satisfactory purchase for yourself than a box of GRANDAS

In SEVEN sizes and shapes, at

American novelties of all kinds.

R. A. Johnston,  
Auctioneer

## THE FELT SHOE PROBLEM

It has been decided unanimously by the grand jury of the wearers of FELT SHOES that sold feet are not in it when felt shoes are worn.

This fact being the case, we call your attention to the magnificent range of felt footwear we have in stock.

The celebrated Dolge boots for men at \$4.25, \$4.50 and \$5.

Dolge boots for women at \$5, \$5.25, \$3.75 and \$4.50.

Dolge slippers for women, \$1.25, \$1.50, \$2, and \$2.25.

Misses Dolge boots, \$2, and \$2.75.

Misses', Women's, and Men's moccasin slippers, wool lined, fur trimmed, the most comfortable house slipper ever designed. The vexing question, What shall I buy for Christmas? is easily solved after seeing these slippers.

Another item of interest in slippers is our line of Women's all felt, fur trimmed, at \$5c pair.

Our Women's all felt bala at \$1.75, is another of the many good values we have.

Also Men's all felt bala, at \$2.25, just as good value as the other.

There is no necessity to sacrifice appearance for comfort. The two are combined in our FELT FOOTWEAR.

We also handle rubbers made especially for felt boots.

One word more. Make it a point to call and see some of these foot-warmers. We shall certainly appreciate your visit, whether it be to purchase or otherwise. Also we can show you many things suitable for Xmas presents.

Remember we have the up-to-date shoe stock of the city.

The average maximum temperature for the month was 28.7, and the average minimum temperature, 11.6.  
Snowfall during the month, 5.75 inches; rain, .07 inches.

## WATERMEN'S BY LAW

At a recent meeting of the city council a by-law was passed licensing water dealers and to afford facilities for the inexpensive distribution of water for domestic purposes among residents of the town of Edmonton lying beyond the limits of the municipal waterworks system. The following are the principal provisions of the by-law in a condensed form:—  
All water dealers must take out a license.

The license fee is fifteen dollars per annum for one tank of eight barrels capacity, and \$7.50 for each additional tank.

Water may be obtained for sale from the municipal waterworks system by means of a hydrant or tap. Each of the watermen must pay their just proportion of the water used and the hydrant so used is to be under the supervision of the proper town officials.

The prices to be charged consumers are: plasterers, 12 1-2c per barrel; irregular customers, 20c per barrel; persons taking less than two barrels a week, 20c per barrel; regular customers who take regularly more than two barrels a week, six barrels for one dollar; livery and feed stable men who may take a whole tank in one day, from 75c to one dollar a tank.

A water dealer need not deliver less than a full barrel to one customer at a single time, and if less is asked for, the price of a whole barrel may be charged.

Water consumers must have their utensils for holding the water kept clean and the water dealer shall regularly at least every two weeks clean out the utensil without any extra charge.

In all matters of dispute between water dealers and consumers, the decision of the council shall be final.

Any waterman committing a breach of this by-law shall be subject to a fine of not more than twenty-five dollars, or imprisonment for a period not exceeding fifteen days.
